## WHAT WE DO & CERTIFICATIONS

LYNDON ENGINEERING CAN PROVIDE YOU AND YOUR CLIENTS WITH A FULL DESIGN, FABRICATION AND INSTALLATION SERVICE FOR YOUR PROJECTS.

Our design team will meet with you at your job site or our office to scope out your project requirements. We will then complete CAD drawings for your approval and then our team of AS2980 certified engineers will manufacture your project to the highest standard.

We have worked with large corporate construction companies, District Councils and Commercial/Industrial Clients directly and have a wide range of capabilities.

- Structural Engineering
- Commercial Projects
- Balustrades
- Fencing
- Gates
- Industrial Projects
- Stainless
- Custom Projects
